

OVERVIEW

The instructions below provide a brief description of the steps required to enable the highlighting for Preferred Hotel Red App in Sabre Red Workspace Classic View. The Preferred Hotel Red App will read this information every time Sabre Red Workspace is Launched or once a day to validate changes.

There are two procedures to enable this functionality. One for **Sabre Profiles** and the other for legacy **Sabre Stars**. If your agency uses Sabre Profiles, in the **Admin Menu Bar**, you will see the options for **Sabre Profiles Admin** and **Sabre Profiles**. Otherwise, your agency still uses **Sabre Star**.

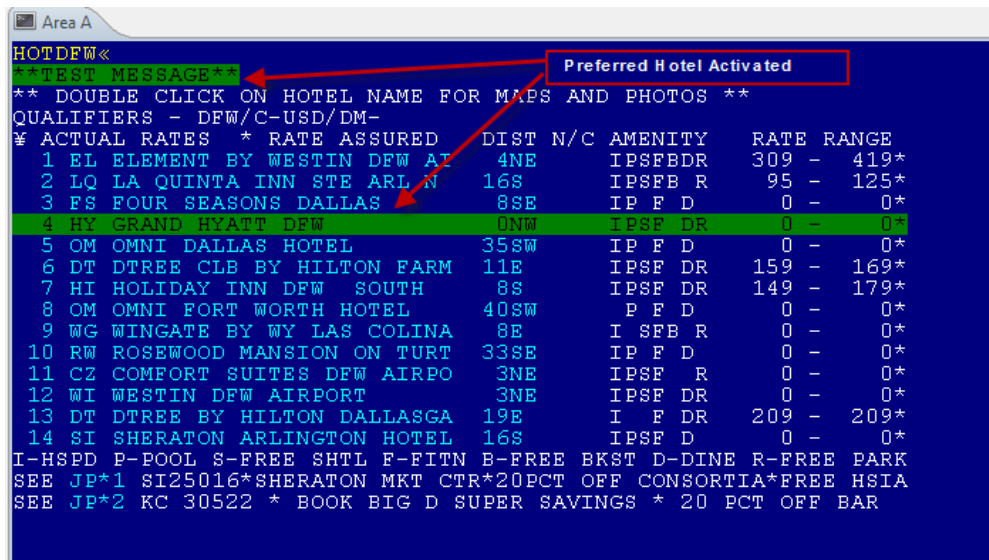

Attention!

If you use **Sabre Profiles**, [click here for procedures.](#)

If you use **Sabre Star**, [click here for procedures.](#)

NOTE: IF YOU HAVE ALREADY A PROFILE CREATED FOR AIR, JUST EDIT THE PROFILE BY ADDING THE INFORMATION ON THE HOTEL FIELD. ([Go to Step 5](#))

BENEFITS

- Define your agency's preferred Hotel Chains
- Highlight the preference in the availability display
- Input selling messages to users

TASK

GRAPHIC

PROCEDURE FOR SABRE PROFILES

Create a Sabre First Level Profile named "SABREREDAPPPREFERRED"

following these steps:

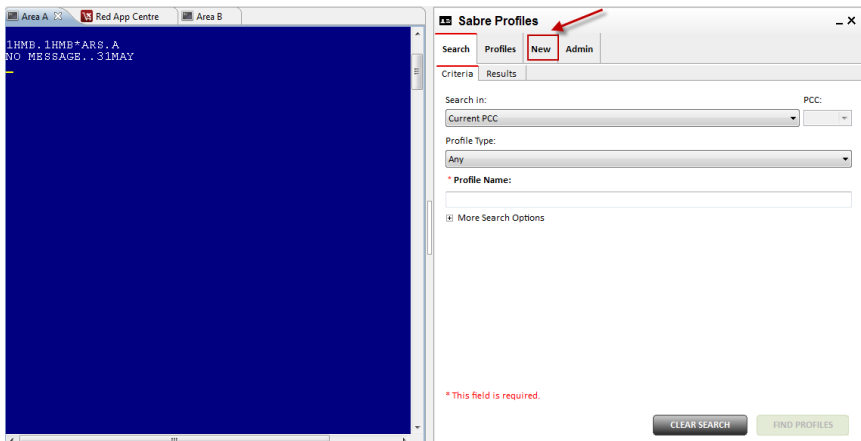

- 1) Click on the Sabre Profile menu on the Helper Apps located in Sabre Red Workspace

- 2) Sabre Profile Screen will display on your screen.

- 3) Click on the **NEW** tab to create a new profile

TASK

GRAPHIC

- 4) A Create the Profile as follows:
 - a) Profile Type = AGENCY
 - b) Profile Name = SABREDAPPPREFE RRED
 - c) Profile Description = Optional. Enter any description you consider appropriate.
 - d) Click on the CONTINUE button

Profiles

Profile Creation

Profile Type: * Agency

Profile Name: * SABREDAPPPREFERRED

Profile Description: PROFILE TO WORK WITH SABRE RED APP PREFERRED AIRLINE AND HOTEL

* This field is mandatory

- 5) On the next screen, you will be able to set the Hotel preferences.
 - a) Click on Hotel Preferences Menu on the left of the screen.
 - b) Fill in just the 2 boxes highlighted
 - i. Trip Type = All
 - ii. Hotelier = Choose the Chain Code

Hotel Preferences Use this area to store Hotel Preferences such as preferred hotel chain, hotelier and discounts. [More Options](#)

Hotel Preferences

Trip Type: All Hotelier: UI - Utell Room Type: [dropdown]

Hotel Preferences

Trip Type: All Hotelier: MC - Marriott Hotels Room Type: [dropdown]

Additional information: [text area]

Discount

Vendor Code: [dropdown] Discount Type: [dropdown]

Discount ID: [text area]

Back Cancel Continue

In order to add more Hotel Chains, you need to click on the **Add Button** on the top of the screen..

This will open more fields so that you can fill in. Add as many as you consider necessary.

When you have finished, click on the **CONTINUE** Button to proceed.

- 6) A new screen will appear asking you to associate the profile. Skip it to continue.

Associating profiles allows you to link profiles together. You can link profiles together for the purpose of copying profile data into a PNR via a single request. You can also link profiles together for reference purposes.

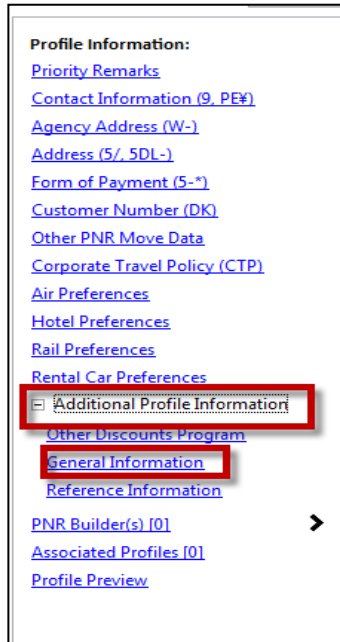

Would you like to add any Associated Profiles to the current Profile?

Skip this step Associate Profiles

TASK

GRAPHIC

- 7) Click on Additional Profile Information and choose **GENERAL INFORMATION**

- 8) In General Information, type the following
CATEGORY: Select the **Hotel** option on the dropdown menu.
TYPE: Select **VALUATION TEXT**

Information: Type the following on this field as displayed on the screenshot to the right and exactly following this syntax.

- a) **5MESSAGE/** FREE TEXT MESSAGE ****
Enter the message you want to display to your agents when shopping for hotel. Substitute the FREE TEXT MESSAGE for your text message.
- b) **5TYPE/FULL OR SINGLE**
Choose one of the ways to highlight the line:
Full will highlight the entire line.
Single will highlight just the Hotel Chain Code.
- c) **5COLOR/000000**
Choose the letter color you want the system to use in

General Information Use this area to store general notes you need to be aware of when booking travel.

STAR CREATION

The instructions below provide a brief description of the steps required to enable the highlighting for Preferred Red App for Hotel in Sabre Red Workspace Classic View. The Preferred Hotel Red App will read this information every time Sabre Red Workspace is launched or once day to validate changes.

Highlighted in **Red** is the information that should be defined by your Agency as you are creating the Star.

The screenshot shows the Sabre Red Workspace interface. The terminal window displays the following commands and their outputs:

```
N*REDAPPPREFERREDHOTEL<<
STAR REDAPPPREFERREDHOTEL
0S REDAPPPREFERRED HOTEL CONFIG STAR
1N 5TYPE/SINGLE
2N 5HOTELS/HY,MC
3N 5COLOR/000000
4N 5BACKCOLOR/00FF00
5N 5MESSAGE/**EXAMPLE MESSAGE HERE**
E8CE 24SEP12 *ARS OPEN P- ¥12 24SEP12 1
```

- 1) Place the Start in Build Mode:
- 2) Create a Sabre First Level Star **NBREDAPPPREFERREDHOTEL**
- 3) Add a Subject Line **NASREDAPPPREFERRED HOTEL CONFIG STAR**
- 4) Add the Type of Highlight Line. **NAN5TYPE/SINGLE**
FULL or SINGLE
- 5) Add the Highlight Hotel Chains Codes separated by Commas **NAN5HOTELS/YY,ZZ**
- 6) Add the Background and Font Color lines in RGB Hex Color. Make sure to enter all six Characters. See [Appendix](#) for HEX Decimal Color Reference.
NAN5COLOR/000000
NAN5BACKCOLOR/00FF00
- 7) Add a Message that you wish to Display **NAN5MESSAGE/**EXAMPLE MESSAGE HERE****
- 8) Save information and end build mode. **NE**

For more information on Sabre Star Creation Visit the Format Finder

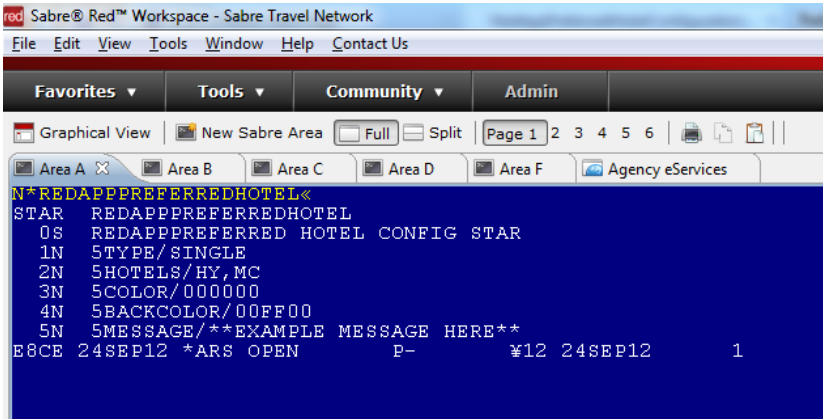

Section **staf001**

TASK

GRAPHIC

Once completed, if you display the "REDAPPPREFERREDHOTEL" Sabre Star should look like the one below.

>N*REDAPPPREFERREDHOTEL<
(exibir o arquivo STAR)

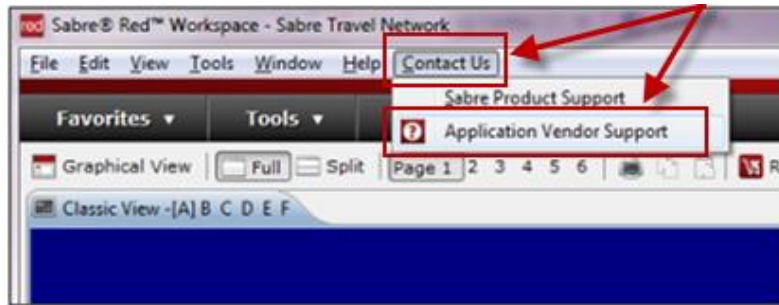

APPENDIX

How to validate if a Red App is already installed in my Sabre Red Workspace?

1. To validate that the user received the application before restarting Sabre Red Workspace, click **Help** and then **History of Updates** to look for Red Apps with a Status of **Not Yet Activated**.

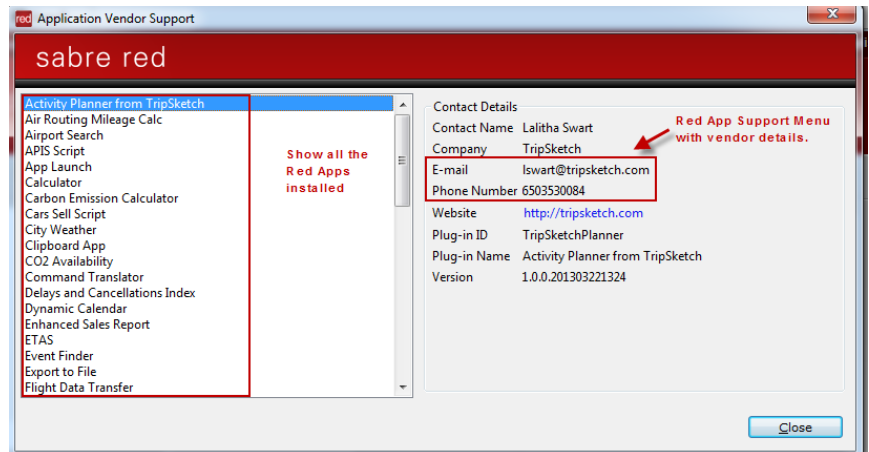

Name	Version	Date	Status
Sabre Red Workspace_3YAB_3333 (Pr...	2.0.0.0000000007	Sep 20, 2012 5:08:29 PM	NOT YET ACTIVATED
Air Routing Mileage Calc	1.0.0.201201161659	Sep 20, 2012 5:08:29 PM	NOT YET ACTIVATED
Calculator	1.0.0.201112201654	Sep 20, 2012 5:08:29 PM	NOT YET ACTIVATED

2. After restarting Sabre Red Workspace, you can also look under **Contact Us – Application Vendor Support** to validate that the application installed successfully.

3. The system will open a new window with all the Red Apps Installed.

Should you need to contact the Red App Vendor for support, click on the Red App name to open the **Contact Details**.
