
OVERVIEW

iCalendar Exporter is a Red App that allows agents to export air itineraries to an iCalendar file. It is necessary to have Java TA Share enabled in Sabre Red Workspace. To do this, go to **Tools>Options>SabreSystem>Connection** and click on **Java TA Share**.

BENEFITS

- Adds the Air itinerary in a Calendar
- You or yourTraveler can forward it to anyone
- Easy to read itinerary information.

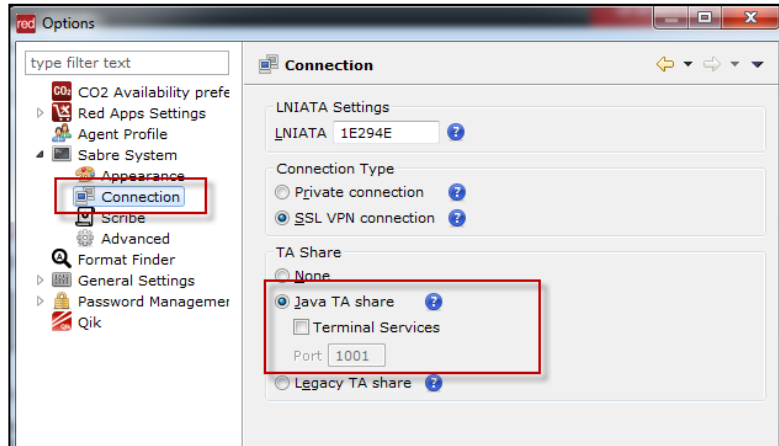

TASK

GRAPHIC

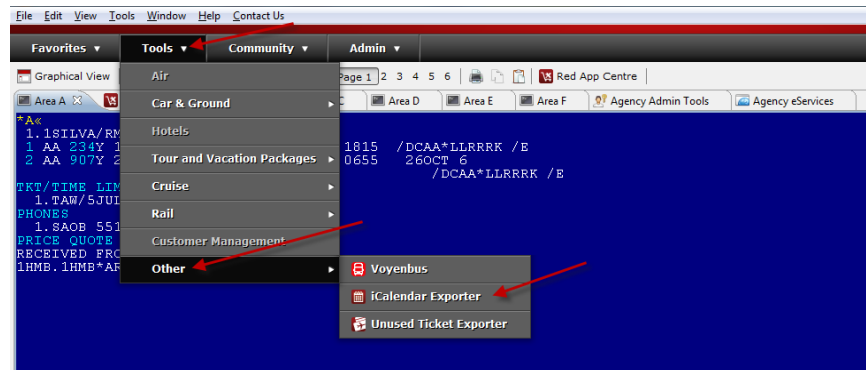

In order to use **iCalendar Exporter** application, follow these steps:

Activate JAVA TA SHARE by clicking on:

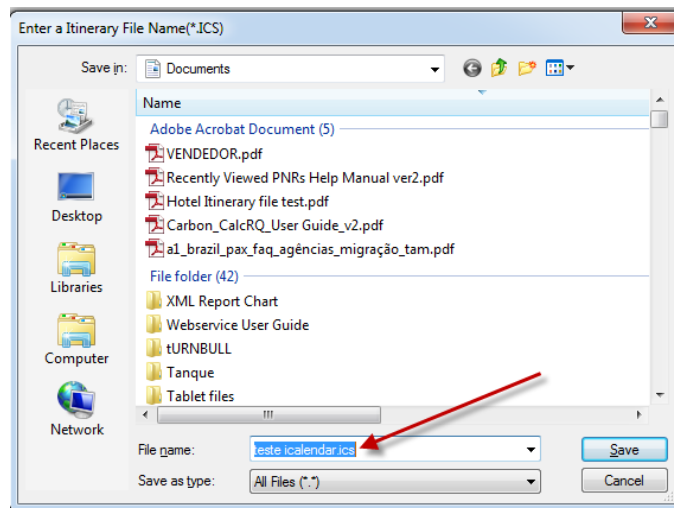

Tools>Options>SabreSystem>Connection

To export the itinerary, retrieve a PNR and then click on **TOOLS>OTHERS > iCalendar Exporter**.

After clicking on **iCalendar Exporter**, the system will create a file.

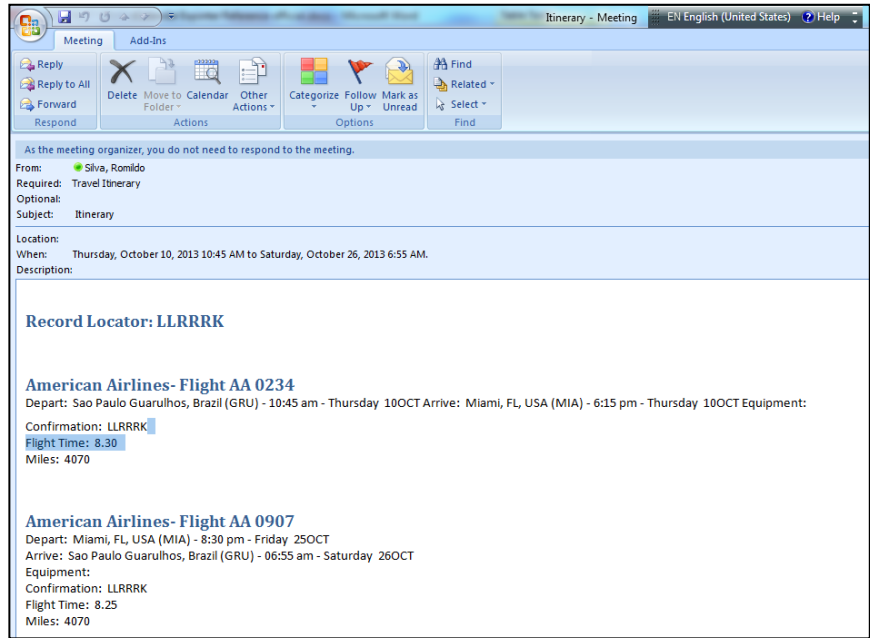

TASK

GRAPHIC

After the file is created, you can open it and send it to anyone.

Press any key to continue or use <Esc> to terminate the script.

The system also includes the information in your Outlook Calendar.

Close the application to use it for another reservation.

How to validate if a Red App is already installed in my Sabre Red Workspace?

To validate that the user received the application before restarting Sabre Red Workspace, click Help and then History of Updates to look for Red Apps with a Status of Not Yet Activated.

Name	Version	Date	Status
Sabre Red Workspace_3YAB_3333 (Pr...	2.0.0.0000000007	Sep 20, 2012 5:08:29 PM	NOT YET ACTIVATED
Air Routing Mileage Calc	1.0.0.201201161659	Sep 20, 2012 5:08:29 PM	NOT YET ACTIVATED
Calculator	1.0.0.201112201654	Sep 20, 2012 5:08:29 PM	NOT YET ACTIVATED

1. After restarting Sabre Red Workspace, you can also look under **Contact Us – Application Vendor Support** to validate that the application installed successfully.

2. The system will open a new window with all the Red Apps installed.

Should you need to contact the Red App Vendor for support, click on the Red App name to open the **Contact Details**.
